- Completed or implemented projects that have resulted in a significant positive business impact – the effort should be above and beyond normal expectations.
- Nominations can be submitted for an individual or team that has demonstrated a unique contribution to Patients First: Think Big, Take Pride, and No Excuses and to Pfizer's OWNIT! culture.
- Nominations can be made for new or innovative ideas that demonstrate ‘Thinking Big’ but should be achievable and have a strong likelihood of succeeding. Nominations can be made for extraordinary scientific /technical innovation or operational excellence that delivers exceptional results.
- Considered and careful risk taking can be nominated; nominations should demonstrate the careful balance of risk and subsequent business result.
- Nominations will be accepted for colleagues who have identified significant risks or issues for the business, outside of their normal responsibilities in a timely and constructive way including remedial actions.
- A maximum of 15 colleagues per team.
